

Dulles Claims Molotov Seeks To Replace U.N. With 5 Powers

By JOHN M. HIGHTOWER  
BERLIN (AP)—Secretary of State Dulles charged in the Big Four conference today that Soviet Foreign Minister Molotov is trying to persuade the United Nations with council of five powers including Red China. Dulles demanded for the third straight day that the conference get to the problem of Germany at once.

Dulles, opening the fourth day's meeting, loosed a blistering attack on Foreign Minister Chou En-lai of Communist China.

He asked: "Who is this Chou En-lai whose addition to our circle would make possible solution of all our problems?"

"Open Aggressor"

He described Chou as a leader of a regime which gained power through a bloody war, became an open aggressor in Korea, and even now continues to promote aggression in Indochina.

"Such is the man Mr. Molotov proposes would enable us to solve all the world's problems," the American diplomat scathingly declared.

Dulles claimed that in arguing here for a five-power meeting, Molotov has been playing on the hopes raised when the United Nations was formed in 1945 in order to justify transferring those hopes to a council of the five powers.

The fact is, Dulles continued, Molotov is trying to replace the United Nations with a council of five which he said would take over responsibility for running the world.

**Hope For Peace**

The Dulles argument hit hard at the five-power conference suggestion which all three Western ministers have already rejected. But the Western delegations are extremely sensitive to peace hopes, especially with respect to Indochina. They were clearly determined to explore all possibilities of a settlement in case Molotov has anything serious in mind.

Dulles, Foreign Secretary Eden and Foreign Minister Bidault, lunched together at noon and apparently decided on their tactics to take a tough line on the five-power conference. At least that was the line being taken by Dulles, who sought to move Molotov on to discussion of the German question.

Dulles told Molotov it was obvious the proposed five-power conference could not be a temporary one. He said it was "incredible" that the four here, plus Chou En-lai, would be able to solve political, military and economic problems with which the United Nations had grappled for nine years.

SCOUTS TO OPEN FUND DRIVE IN COUNTY FEB. 5

The Black Walnut Boy Scout district will begin its annual drive for funds in the area other than Gettysburg on February 5. The goal is \$1,800, Attorney Eugene Hartman, chairman of the district, announced today.

The Black Walnut district extends from Fountaineau to East Berlin, and includes all of the county north of a line drawn between those two communities. The New Oxford, Littlestown area is part of the Conewago District.

Gettysburg is not included in the campaign because Boy Scout funds locally are collected through the annual Community Chest drive.

Attorney Hartman also announced that 22 scouters of the Black Walnut district are scheduled to attend the annual York-Adams Council Boy Scout meeting and dinner this evening at York. A former member of the Black Walnut group will be presented with an award for his "outstanding work".

He added that H. C. Bream, New Oxford Cubmaster, has completed training for Cub Leaders at Camp Shiff, Menden, N. J.

9 Of 21 Yankee Traitors Are Tagged Stool Pigeons

By GEORGE MCARTHUR  
PANMUNJONG (AP)—Twenty-one singing, chanting Americans and one Briton who renounced their homelands to stay with the Communists today rolled northward in flag-bedecked trucks toward a life behind the Bamboo Curtain.

And in Tokyo, the U.N. Command said officially that at least 9 of the 21 were accused as stool pigeons who betrayed fellow POWs to the Communists.

The former Allied soldiers, along with 325 South Koreans, carried Red "peace dove" banners as they marched from their barbed wire compound in Korea's bleak neutral zone.

They sang, cheered and shouted charges of imperialism and germ warfare at the Western world as they boarded big green trucks for the trip north.

Five Allied newsmen saw them go.

An Indian escort took the five of us to the pro-Red North Camp for the last frenzied propaganda show of the men who chose communism.

Something Old, Something New

Foundations are in for large additions to the house on President Eisenhower's farm but little remains of the old dwelling after about five months of work by a Washington, D. C., contractor. Only a small two-story section of the original brick farmhouse remains.

The upper photo taken from in front of the house shows what remains of the former Redding home. The entire northern end of the house has been torn down and foundations are in for a large L-shaped northern wing. An eight-foot high windbreak erected along the west side of the new northern wing can be seen to the right of the house.

The lower picture, taken from the rear of the house, shows an old red brick fireplace that has been allowed to stand. New foundations and joists link the old part of the dwelling with the fireplace. Beyond the fireplace can be seen piles of fill that hint at plans for landscaping about the enlarged farm home of the Eisenhowers. A summer kitchen closed to the south end of the house has been removed.

A 3,400-foot water line from the main leading from the Gettysburg pumping station to the Eisenhower farm is to be placed at the President's expense. John H. Long, Gettysburg Municipal Authority manager, said he does not yet have figures on the cost of the line.

WAYNESBORO, Pa. (AP)—A jury in U. S. District Court was ordered to make an on-the-spot inspection today of land seized by the federal government for the Army's super-secret "underground Pentagon" near the Pennsylvania-Maryland border.

The jury was selected yesterday at the postponed term of the Middle District Court at Lewisburg to try land damage claims growing out of the seizure of some 1,100 acres for the installation.

The Army has described the project only as a supplemental communications center constructed underground in the mountains near Fountaineau.

Robert MacLeod, counsel for the land division of the U. S. Department of Justice, said the jury of ten men and two women would be given security clearance at Fort Ritchie before they went to the site of the installation.

A bus was ordered at Lewisburg on the various properties.

NEW INTEREST IN RASPBERRY PLANTINGS HERE

Steady demand and good prices have stimulated interest in new raspberry plantings in the Adams-York Counties area. Raspberries are already a useful crop in these counties. Donald Horst, crop supervisor of the C. H. Musselman Company, John Ruef, of Penn State University, and a group of local tomato and raspberry growers held a meeting in New Bridgeville, York County, Wednesday in the fire house assembly room to discuss the feasibility of new and increased plantings.

One factor was the fact that the labor imported from other areas would have a large working season since raspberries come just before tomatoes.

Mr. Horst pointed out also that the virus infection needed steady "rogueing" (destruction of infected (Continued On Page 5)

WAYNESBORO MAN WINS IN COURT ACTION

An Adams County jury found in favor of Donald C. Flohr, Waynesboro R. 4, in cross suits heard Wednesday afternoon in court here.

Flohr had brought suit against Eston White, Fairfield R. 1, for damages as a result of an auto accident occurring December 25, 1952, on the Sunshine Trial. White had brought a counter-suit. Mrs. Flohr was driver of the one car, White of the other.

The jury found negligence on the part of White, none on the part of Mrs. Flohr and found in favor of Flohr in the sum of \$156.44, the amount of damages to her car. In the counter suit the jury found in favor of Mrs. Flohr and against Mr. White. The decisions were reached after nearly two hours of discussion.

Complicated Trial

Trial of the Flohr-White case was held immediately after noon recess Wednesday afternoon and the jury retired to consider its verdict at 3:10 o'clock. It returned with its verdict at 5 p.m.

The jury in the various actions brought as a result of an accident March 15, 1951, in East Berlin began hearing the cases at 3:15 o'clock Wednesday afternoon and the trial continued into this afternoon.

In the various suits and counter-suits John H. Ratcliff, 41, Harrisburg, an employee of Bryant Air Conditioning Corporation, Philadelphia, is suing the company, Lawrence N. Yost Jr., Camp Hill, a fellow employee at the time who was driver of the car owned by the company, and Sterling and Albert Myers, Spring Grove R. D. for damages for injuries he suffered as a result of the collision between cars driven by Lawrence Yost and Sterling Myers. Sterling Myers, a corporal in the Marine Corps, and his father, Albert Myers, owner of the car, Sterling was driving, are suing Yost and Bryant Air conditioning, who in turn are claiming damages from the Myers.

Traffic Light Trouble

As a result of the various suits the attorneys representing the parties have found it necessary from time to time to stop and take stock of whose turn it is to question whom under court procedure. Ratcliff presented his case first, with Swope, Brown and Swope as his representatives. Just before noon the Ratcliff portion of the case was completed and the law firm of Bulleit and Bulleit took up the Myers case, as defendants and as plaintiffs.

Elmer Leas, East Berlin electrician, and H. C. Criswell, policeman in East Berlin, both said on the witness stand Wednesday afternoon that the red traffic light in the square at East Berlin, which would have been facing Yost at the time of the crash, was not operating. At the same time the green light, which faced Myers, was in operation. Witnesses said the two cars were traveling at about 20 miles per hour when the right front of Myers' car struck the left front of the Bryant Air Conditioning vehicle in about the center of the square in East Berlin.

Suffered Injuries

Physicians' testimony showed Ratcliff suffered a number of injuries (Continued On Page 2)

Asks Delay In Boosting Wage

WASHINGTON (AP)—President Eisenhower, in a surprise move, today advised Congress to delay considering any boost in the present 75-cent hourly minimum wage until the economy is in better shape to absorb it.

Eisenhower said: "We should undertake adjustments of the minimum wage at a time when economic activity can take them in stride, thereby minimizing the risk of unemployment of the less productive workers whose welfare the minimum wage seeks to aid."

Eisenhower did say at one point that increasing the amount and coverage is "desirable," but he said it would have to wait until "the proper time," and he laid great stress on its potential impact on low profit employers.

The President cautioned that a higher minimum might force less efficient employers out of business and deprive their workers of jobs entirely.

## SETTLE SUIT IN QUARRY DEATHS

Settlement for \$4,500 of a \$10,000 damage suit brought as the result of a fatal accident in which three Dickinson College students were killed when their car plunged into the Bethlehem Steel Quarry, near Hanover, March 19, 1950, was permitted in Clinton County Court, Monday afternoon.

A jury had been empaneled in the suit brought by Hugh A. Lawhead Sr., Hyde, Pa., administrator of the estate of H. A. Lawhead Jr., against Hugh T. Cornell, Jamestown, N. Y., father of Thomas Hill Cornell, alleged driver of the auto, as administrator of the young law student's estate.

Just before witnesses began testimony, the two sides agreed to a settlement and Judge Abraham H. Lipetz, presiding in the Lock Haven court, directed the verdict by the jury.

The suit was brought originally in Lock Haven because Mr. Cornell was a resident of that city at the time, manager of the Montgomery Ward store there. Since then the Cornell family has moved to Jamestown.

On March 19, 1950, the car occupied by young Cornell, young Lawhead and William Thomas Long Jr., Westfield, N. J., all students at Dickinson College, left the Hanover-Cross Keys Rd., pushed down a five-foot steel wire fence and plunged 160 feet into the quarry. The crushed car was found later in the morning.

### "DON'T BLAME THE WORLD"

If a person is disgrusted with . . . the life he has to lead . . . he's in a rut and I know that . . . he never will succeed . . . because when someone always seems . . . to find a lot of fault . . . they're heading for a precipice . . . that they can never vault . . . it's well to make the best of things . . . when roads get steep and rough . . . for in this way you'll prove you're made . . . of all the finer stuff . . . whereas if you persist to groan . . . and endlessly complain . . . you only form a hazy sky . . . that's bound to weep with rain . . . delve deeper to the root of things . . . and find out what is wrong . . . then remedy the shortcomings . . . and sing a happy song . . . if more of us would follow this . . . I'm sure we all would find . . . less turmoil and uneasiness . . . more joy and peace of mind . . . so don't be quick to ridicule . . . like some disgruntled elf . . . the trouble is not with the world, . . . it's only with yourself.

TWENTY YEARS AGO

Harry Stoner Vice Pres. of Credit Group: Directors of the recently-organized Gettysburg production credit association met at the office of M. T. Hartman, Adams county farm, Monday morning and elected A. L. Grissinger, Mechanicsburg R. 4, president and Harry S. Stoner, Orrtanna R. 2, vice president.

All seven directors, elected at a recent meeting of farmers of Adams, York, Cumberland, Franklin, Fulton and Perry counties at Carlisle, were in attendance at Monday's meeting. E. Donald Scott, Gettysburg R. 4, was named as secretary-treasurer.

**Pay Tributes at Last Rites for Educator:** Tributes to the life, character and labors of Dr. Philip Melancthon Bickle, dean emeritus of Gettysburg College, who died last Friday, were paid at funeral services for the former college professor, minister and author in Bruns chapel at 10:30 o'clock Monday morning. The Rev. Dwight F. Putnam, pastor of Christ Lutheran Church, officiated at the last rites.

**All Officers of Auxiliary Are Re-elected:** Miss Mary Ramer, Mrs. Robert P. Marsh and Miss Margaret Myers were re-elected president, secretary and treasurer respectively of the Annie M. Warner hospital auxiliary at the annual meeting and tea held Monday afternoon at the Nurses' home. All three were unopposed and all three were named for their third terms.

**To Give Prayer In House Friday:** Dr. Harvey D. Hoover, a member of the faculty of the Lutheran Theological Seminary, has accepted an invitation from the Rev. Dr. James Shera Montgomery, chaplain of the house of representatives in Washington, D. C., to deliver the opening prayer when congress convenes at noon, Friday.

**William I. Shields Heads Local Unit:** William I. Shields, of Gettysburg, treasurer of Adams county, was elected president of the Adams county Republican club without opposition at a largely attended reorganization meeting in the club rooms on the second floor of the Murphy building, Baltimore street, Wednesday evening. Shields succeeds John E. Slaybaugh, of Gettysburg, as president.

**Other officers chosen are Dr. Eugene Elgin, East Berlin; S. M. Keagy, Littlestown; Blaine G. Walter, Biglerville; Paul M. Rohrbach, Fairfield; H. W. Knouse, Bendersville; Frank Smith, Menallen Township; V. Ralph Miller, New Oxford; Peter Smith, McSherrystown; Amos Kuhn, Abbottstown; D. C. Jacobs, Arendtsville, and Harold A. Smith, York Springs, vice presidents; Ray J. Kittmiller, secretary, and Donald L. Hammers, treasurer.**

**Local Praises Are Voiced on '38 Observance:** From all sides have come hearty comments of approval on the Chamber of Commerce's proposed plan to inaugurate a movement, immediately, looking toward a nation-wide observance of the 75th anniversary of the three days' battles at Gettysburg.

**Sick In Town Are Improving:** The condition of Irving Brier, manager of the Young Men's Shop, Baltimore street, who has been critically ill since early Wednesday morning, when he suffered a heart attack, was reported unchanged today.

**Roller Skating Popular With Gettysburgians:** Gettysburgians, young and old, have become infected with the roller-skating fad. Beginning in a small way earlier in the week with several days of spring-like weather, the skating "fever" has gone up by leaps and bounds and has infected young and old alike.

Gettysburg High school students are as keen for the sport as their younger brothers and sisters, and it is not unusual to see a hundred or more high school student speeding to school on skates.  
As a result of the practice of skating on the streets, Burgess Wilbur J. Stallsmith today instructed the police force to warn all skaters to remain on the sidewalks. A borough ordinance provides a fine for persons skating on the streets, Burgess Stallsmith said.

## Today's Talk

By GEORGE MATTHEW ADAMS

THAT OUTLOOK OF YOURS

What an ambassador on good will is that one with a cheerful outlook! We can travel a long distance with such a one, and when we are separated, a glow from that one remains. We go forward with lighter step and a warmer heart.

The great Dr. Osler tells of his visit with Walt Whitman in his Camden home. Some workmen passed the house and Whitman exclaimed: "Ah, the glory of the day's work, whether with hand or brain! I have tried to exalt the present and the real, to teach the average man the glory of his daily work or trade."

The sure vision, the clean tongue, and the warm heart are sure to give to one an outlook upon life that is immediate and inspiring. A wonderfully inspiring little book is that one by Dr. Osler, an address before a group of Yale students in 1913, entitled "A Way of Life." I quote but a single sentence. He said: "Life is a straight, plain business, and the way is clear, blazed for you by generations of strong men, into whose labors you enter and whose ideals must be your inspiration."

Dr. Samuel Johnson once remarked upon the trifling things that influenced men's lives—"not by an ascendant planet, a predominating humor, but by the first book which they read, some early conversation which they have heard, or some accident which excited ardor and enthusiasm." I like that phrase "keep your chin up!" It gives one vision and space ahead in which to plan and make progress.

There are certain people who have so schooled themselves that, no matter how many discouragements have been theirs, events ahead look fine! They are the leaders. Pacemakers. Builders. They are the ones to follow—and pass if you can! That outlook of yours is your most valuable possession. Let no one damage or take it from you!

Tomorrow Mr. Adams will talk on the subject: "The One-Foot Line."

## Just Folks

INTRODUCTION  
"A friend of mine," he said to me. "I long have hoped you two would meet."

His name he mentioned casually. As we stood chatting in the street. But, in that moment that we stayed. An introduction had been made.

I, strange to him; he, strange to me.

Our common bond the self-same friend: Henceforth acquaintances to be, But none knows how such meetings end. An introduction sows the seeds For all a lasting friendship needs.

Out of such simple meetings brief, As time goes on, come friendships true, Comfort to soothe the hurt of grief, For burdens great the strength of two. Although acquaintanceship may fade, By the first hand-shake friends are made.

PRESCOTT, Ariz. (AP)—A private telephone line puts Laura Jo Bush right in her ninth-grade classroom, even though she's abed at home with asthma.  
Her principal, Willard Peterhoff, says the line enables Laura Jo to recite for her teachers. She can hear other class discussion and the next day's assignments.

She gets good grades, he said, and isn't lonely.

## TEST OF POWER IS UNDERWAY AT PENTAGON

By ELTON C. FAY

AP Military Affairs Reporter  
WASHINGTON (AP)—A test of power is on at the Pentagon to determine whether the authority of the defense secretary is supreme in the military establishment.

The handling of the cases of American soldiers who decided to stay with their Communist captors in Korea or of those who later changed their mind, it became apparent today, is involved in this issue. In earlier incidents, too, the issue of central control cropped up.

**Wilson Claims Power**  
Secretary of Defense Wilson has publicly taken the responsibility for ordering the Army to discharge dishonorably the 21 Americans who have decided to stay with the Communists. Some Army legal experts hold that nothing in military law allows the issuance of dishonorable discharge orders without trial by court-martial. Wilson says he thinks he has the authority.

There was the related incident of the Army's sudden announcement of the arrest, on court-martial charges, of Cpl. Edward Dickenson, the Virginia soldier who reversed his original decision to stay with the Reds. There the issue was one of the Army's timing and the wording of its announcement.

**Like, Wilson Starled**  
Outside the Army, every official, including President Eisenhower and Wilson, was startled and disturbed by the announcement last Friday night. The Defense Department was reported to have asked both the Army and Marines to hold up on any action or announcement in prisoner of war cases until all efforts to win back the remaining 21 had been made—and not take any action at all before the following Tuesday.

Eisenhower said at his news conference yesterday he thought there must be something else in the Dickenson case other than his original decision to remain with the Reds. Dickenson is charged with having intercourse with the enemy and seeking to secure favorable treatment while he was an inmate of a Communist prison camp.

The President also said he was disturbed when he read newspaper reports of the Army's action and immediately called Wilson to be certain that justice was done.

WASHINGTON (AP)—The Senate Interior Committee has approved a Hawaiian statehood bill for Senate consideration.

Chairman Butler (R-Neb.) said the committee action came on a 12-3 vote after it had divided 8-7 on an earlier motion separating the Hawaii legislation from an Alaskan statehood proposal.

## FILE SUITS IN PUERTO RICAN'S FATAL ACCIDENT

Two damage suits, each for \$75,000, were filed in York common pleas court Tuesday as the result of an accident in which a Puerto Rican farm laborer was injured fatally.

Defendants in both suits are Roy E. Brough, Dillsburg R. 3, and Lloyd J. Rupp, York Springs R. 1. They were partners in farming, harvesting, transporting and marketing tomatoes from a Carroll Twp. farm, three miles north of Dillsburg, in the summer of 1951 when one of their employees, Catalino Huertas Martinez, was fatally injured when hit by a truck, according to the complaint. Rupp owned the farm and Brough owned the truck.

One suit was started by Tomas Flores de Huertas, widow of the deceased, in behalf of herself and her five children, now aged two to 10 years, to collect \$75,000 for the death of their husband and father. The second suit was filed by Attorney Lewis P. Sterling, administrator of the Huertas estate, under the survival law. The Huertas family lives in San Lorenzo, Puerto Rico, and is represented in the York County court by Attorney Spencer R. Liverant.

According to the complaints, Huertas was in full view on the untraveled portion of a dirt road adjacent to the farm when he was struck by a truck at 1:30 p.m. Aug. 29, 1951. He died 23 hours later in Carlisle Hospital of multiple skull fractures, cerebral concussion, internal hemorrhages, abrasions and shock. He was 36 years old and had been employed as a farm laborer for \$50 a week, the complaints state.

Driver of the truck, not named in the complaint, was Ramon R. Nunez, 25, of San Juan, Puerto Rico, a fellow worker on the farm.

## Your Income Tax

(Fourth of Six Articles)  
By FRANK O'BRIEN

WASHINGTON (AP)—For most people, exemptions provide the biggest reduction of taxable income. You get a \$600 exemption for yourself and, within limits, \$600 for each person who lives on your income.

Faulty exemptions claims are the biggest source of trouble for taxpayers. So it is well to check up on whom you can claim.

Usually, when you make out an income tax form, one of the first things you do is list yourself and your immediate family as exemptions—your wife or husband and your children. Children include stepchildren and legally adopted youngsters, but you don't get an exemption for a child who made more than \$500.00 during the year. Also, you must furnish more than half the child's support to claim an exemption. Age does not matter.

**Late Arrivals Count**  
You get full exemption for a child born during the year—right up to midnight, Dec. 31, 1953.

You list your husband or wife as an exemption only on joint returns or on a separate return where your spouse had no income. If you were over 65 or blind at the end of 1953 you get two exemptions. If you were both, you get three. That applies to both husband and wife.

You also can claim exemptions for close relatives. And this is often where trouble starts. To claim them for exemptions you must fill out Schedule I on Form

1040 or Schedule A on Form 1040A. Claims will not be allowed unless the schedules are filled out fully and they ask some pointed questions.

Here are the relatives which can qualify as exemptions under the law:

Parents, grandparents, brothers, sisters, grandchildren, step-sisters and brothers, step-parents. In-laws also qualify in the following categories: mother, father, brother, sister, daughter, son. In addition you can claim uncles, aunts, nephews and nieces if related to you by blood—you can't claim these relatives for both husband and wife except on a joint return.

**Limitations Listed**  
But don't stop with degree of relationship. Such relatives may be claimed only if:

1. You furnished more than half their support in 1953.
2. Each one claimed did not earn more than \$600 in the year.
3. They are citizens of the United States or residents of the United States, Canada or Mexico. (Better get an expert if there is doubt about what a resident is.)
4. The dependent relative does not file a joint return with his husband or wife.

## Delone Here Friday Night To Meet GHS; Preliminary At 6:45; 3 County Games

An open date is carded Friday in the South Penn Basketball League prior to the start of the second half next Tuesday but the Gettysburg High Warriors will have no holiday, meeting Delone Catholic on the local floor.

Friday's contest will mark the second meeting of the season between the schools, the Warriors having squeezed past the Squires at McSherrystown 44-39 on December 15.

Delone has an 8-5 season record and has won its last two starts. Coach Johnny McMahon has but one letterman from last year, Reuben Blair, while Jack Codori, Gettysburg, is the only other holdover from last year's varsity squad.

Jake Chrismer, forward, has been the leading point-gatherer for the Squires.

The Warriors, 6-5 for the season, will probably start with Bobby Rohrbaugh, George Penn, Jay Schmitt, Paul Ketterman and Jeff Langsam. Jack Cervino's reserves, 4-6, will seek revenge for a 30-23 setback at McSherrystown when they meet the Squires reserves in the preliminary game at 6:45 o'clock.

### Game On Saturday

Only three games are listed in the Adams County League for Friday evening, the Littlestown-Biglerville affair at Biglerville having been set back to Saturday due to the dedication of the new elementary school in Littlestown Friday night.

County games carded Friday night include the following: York Springs (8-8) at New Oxford (5-9); East Berlin (3-12) at Newville, and Fairfield (1-1) at Boiling Springs.

Girls' games will precede the boys' contests. The Gettysburg Junior High cagers will meet the Delone freshmen at McSherrystown Friday evening. Delone won a 28-27 extra-period decision in the first meeting here on January 12.

## SLOWS DOWN, LOSES BOUT

MIAMI, Fla. (P)—Aggressive Johnny Lombardo slowed down in the late rounds after giving veteran Bobby Dykes a rough time last night, losing a 10-round decision in the semi-windup feature of the Archie Moore-Joe Maxim light heavyweight title battle.

Boos greeted the unanimous decision against Lombardo, a Mount Carmel, Pa., slugger who tipped the scales at 154½ to Dykes' 158½. Lombardo fought on even terms with the Texan for five rounds but class told in the second half of the battle. Lombardo was cut over the left eye in the first round and over the right eye in the eighth.

Referee Eddie Coachman scored it 99-94, Judge Norton Ganger 98-93 and Judge Jerry Sherrard 99-91. Lombardo, the aggressor throughout, didn't have much of a chance after the sharpshooting Dykes began tagging him with left jabs and right crosses.

## NEW HARNESS RACING GROUP IS ORGANIZED

NEW YORK, Jan. 28 (P)—An organization, designed to give the parimutuel tracks a stronger voice in the operation of the trotting and pacing sport, has been formed by 17 of the nation's major harness racing associations.

There were reports the new organization, to be known as Harness Tracks of America, Inc., intended to operate in opposition to the United States Trotting Assn. governing body of the sport. But this was denied quickly by Don MacFarlane, general counsel of Hazel Park, Detroit, who was elected president at yesterday's meeting.

"Utmost Cooperation" In a telegram to President Lawrence Sheppard of the USTA, the officers said the new group had been formed "in the spirit of utmost cooperation and respect for the USTA."

"We feel we have many managerial problems which do not pertain to the USTA," MacFarlane said. "I think we can get along fine within the USTA and it would be allowed to police our organization if it so desires."

MacFarlane said the group plans to adopt a code of standards similar to the thoroughbred racing associations along the lines of the Thoroughbred Racing Protective Bureau.

Sheppard Statement "We intend to operate within the framework of the USTA," said Al Weil, secretary of the Cold Country Trotting Assn. which runs its meetings at Roosevelt Raceway. "Naturally we hope that by presenting a united front we'll have more to say in the workings of the USTA but secession from the USTA is farthest from our thoughts."

Sheppard, at his Hanover, Pa., home, said the outline of the group's aims, as given him in the telegram, were too broad and of a general nature to permit him to give a definite statement now. "I don't know just what they have in mind in regard to police," said Sheppard. "We have an investigating group within the USTA now but it apparently doesn't fulfill the group's desires."

## NO TV APPEAL BY NFL CLUBS

PHILADELPHIA (P)—After one long and expensive courtroom experience, the owners of the 12 National Football League clubs don't want to be dragged into court again over television. That's why Commissioner Bert Bell has refused to discuss TV restrictions with representatives of the National Collegiate Athletic Assn.

It also is why the club owners decided unanimously yesterday that they would not appeal the ruling handed down by Judge Allan K. Grim of the U. S. District Court last fall. The possibility of an appeal was discussed at a special session prior to today's start of the annual "draft" of college players. After hearing their lawyers explain the decision, the club owners agreed to abide by it and amended a couple of sections of the league constitution to make it conform. The government had filed an antitrust suit against the league on the grounds that its rules restricting television broadcasts were in restraint of trade.

### BROWNS PICK GARRETT

PHILADELPHIA (P)—The Cleveland Browns won the National Football League bonus pick today and selected Stanford's brilliant passing quarterback, Bobby Garrett.

The Philadelphia Athletics have dropped eight players from their roster and have added six since Eddie Joost replaced Jimmie Dykes as manager.

## Jackie Robinson Signs At \$40,000

BROOKLYN (P)—Jackie Robinson, first Negro in organized baseball, has signed his eighth major league contract with the Brooklyn Dodgers, the club announced today.

He will get a reported \$40,000 for 1954, 10 times more than he made with Montreal in 1946 when he broke the game's color line. The new contract represents a raise of about \$2,000 over last season.

## ARCHIE MOORE WANTS TO MEET MARCIANO NOW

MIAMI, Fla. (P)—Light heavyweight champion Archie Moore, having finally disposed of Joey Maxim as a challenger, clamored today for a crack at Rocky Marciano's crown.

That target, however, may prove as elusive for Moore as the light heavyweight title chance he pursued so many years. Chances are he will either fight Harold Johnson of Philadelphia or go back to South America on another exhibition tour.

Marciano's opponents this year probably will be Dan Bucceroni in March and Ezzard Charles in June or September. Indications are the champ's manager, Al Weill, is working on a schedule that leaves Moore strictly out.

### Most Decisive Win

The powerful Moore smashed Maxim to the canvas twice last night as he scored his third and by far most decisive victory over the Cleveland jabber, the only man he has ever fought as a champion. He lifted the title from Maxim in St. Louis Dec. 17, 1952, and successfully defended it against Joey in Ogden, Utah, June 24, 1953. When he finally got his title shot, Moore, now 37, had been fighting for 16 years and had been a contender about 10 of those years.

"I think this one ended my series with Joe," Moore said with a big grin in his dressing room last night. "I'd like to fight Marciano now, but I'll take on Harold Johnson if they'll get up the money."

### Was Underdog

In the eighth, a right to Joey's chin dropped him for a count of six. Another savage right put Maxim down for a seven count in the 11th, and in the next four rounds, Joey was just fighting to survive. He was cut over the right eye in the seventh.

A surprising late shift in the odds sent Moore into the ring a 6-5 underdog. The switch probably resulted from the champ's weight-making troubles and a separate maintenance suit by his wife Alice which tied up his purse. He barely made the 175-pound limit at the noon weigh-in. Maxim weighed 174½.

Archie's \$46,800 purse was the biggest of his career. Maxim collected \$23,400. A crowd of 16,375 paid an estimated gross gate of \$89,000. Radio and television put another \$50,000 into the pot.

new industries after you decide on what facilities you have to offer and what type of industry you want."

He said the labor situation, the water supply, rail facilities and buildings available should be taken into consideration in the move to find new industry. He pointed out the growing trend of industry to locate in small communities where many of the costs are lower. He said most industries prefer to find suitable buildings rather than construct them. He said Fairfield would have very good chances of getting an industry that employs women but that the competition is keener for factories employing chiefly men. He made suggestions on procedure for interesting industry in Fairfield.

### Add Five Members

George McGlaughlin pointed out that in addition to the factory now being built an 8,500-square-foot building will soon be available for a Fairfield industry. He referred to the community building now being used by the Fairfield Shoe Company until its new factory near Gettysburg is completed.

Frank M. Moore, H. L. Harbaugh and E. H. Newman were appointed to a committee to contact the PUC at Harrisburg to seek to have former Greyhound bus service through Fairfield restored. The Greyhound, which is the only bus line serving the community, now has only two buses through daily. Previously there were four.

On recommendation of Membership Chairman Frank M. Moore, these five applicants were voted into membership in the C. of C.: C. L. Sheads, John Shultz, E. L. McClellan, Dr. James Hammet and Maynard Stuckey.

## CROSS HEADED FOR NEW S. P. SCORING MARK

If Tom Cross, 6-7 Waynesboro center, repeats his first half scoring feats during the second half of the South Penn League, which starts next Tuesday, he will establish an all-time league individual scoring record.

Cross tallied 160 points on 63 goals and 34 fouls during the first half for an average of 22.8 points per game.

The league record was set last year by Fred Evans, Hershey, who tabbed 278 points for the 14-game season, averaging 19.8 points per contest.

Jay Schmitt, Gettysburg center, finished fourth in the first half scoring with a total of 102 tallies. Reggie Rife, Hanover and Wray Bevens, Chambersburg, with 117 and 109 points, finished second and third, respectively.

Chambersburg's all-victorious first half champs displayed the best offense with 502 points for an 72-point average. Hershey was the best defensive club permitting but 301 tallies for a 43-point average.

### 552 Current Cases

Re-embursement and restitution collections for the county during 1953 amounted to \$14,369.20, and 1952 this figure was \$24,197.17.

The current case load totals show 552 cases in which 881 persons are benefited. Compared with 1952 this represents 28 less cases and 70 fewer people. The break down reveals 276 cases involving 292 persons for old age assistance; 108 cases of blind pension; 81 cases involving 315 persons for aid to dependent children; 42 cases involving 115 persons in general assistance, and 45 cases involving 51 persons for aid to the disabled.

Mrs. Myers reviewed changes in medical procedures and other routine business with the Board. Next meeting of the Adams County Board of Assistance will be February 19, at the Assistance office.

Members of the Board include: Rev. A. W. Geigley, chairman; E. M. Gruver, F. F. Krichen, Wilbur Bankert, Mrs. Julia Holtzworth, Mrs. William Conover, and L. V. Stock.

plants. He reported that Dr. Kirby, plant pathologist of the state Extension Service, had advocated new raspberry planting in non-infected areas to provide a supply of disease free plants.

In addition to these topics, discussion centered on the ability of tomato growers to devote added acreage in many cases to raspberries. Raspberries are not only in demand on the fresh fruit market, but processors such as the Musselman Company provide a steady market. They are crushed and the juice used as flavoring for jelly. The Musselman Company also produces apple-raspberry juice, and raspberry pie, a ready made pie fill.

## FATHER OF 4 IS ARRESTED FOR TEXAS POLICE

NEW CITY, N. Y. (AP)—George Carl Poper was in jail without bail today on a fugitive charge, all because someone in Texas spotted him on a recent television show.

State police arrested 30-year-old Poper on Tuesday on a complaint that he is wanted in Travis County, Texas, on an embezzlement charge. Officials said that Poper, father of four, admitted a criminal record but denied having committed any offense in Texas.

A justice of the peace ordered him held for 30 days after being informed that Texas officials plan to start extradition proceedings immediately.

It was on Jan. 11 that Poper and his wife appeared on the "Strike It Rich" television network show in New York. He said that he was destitute and needed help.

### Did Not Claim Mail

State police said that mail in response to Poper's appeal had since been delivered to a Quarryville, Pa., address where the family formerly lived but it had not been picked up.

Since the TV show, the Popers have been living near Spring Valley, N.Y. Police did not give any reason for their move.

State troopers got on his trail here after Texas authorities notified New York City police the man was wanted. In turn the metropolitan authorities notified state police that Poper was believed in the Spring Valley area.

State police Cpl. Clarence Sullivan said Poper after being picked up admitted he twice had served time for burglary.

Officers said his wife appeared genuinely surprised at learning Poper had a criminal record.

The couple have 10-month-old twins; a boy, 3, and a girl, 2.

## Mother, Brother Help Youth Escape

FT. DIX, N. J. (AP)—Army authorities hunted Wednesday for a 20-year-old private who they said escaped from the mental ward of the post hospital with the help of his mother and brother.

The escapee was identified as Pvt. Frank Albanese, of New York City.

Capt. Harry Lapham, public information officer at the post, said a woman identifying herself as Albanese's mother, Jennie, tripped a hospital corpsman Tuesday to enable the private to flee in a car driven by his brother.

An immediate search by military and state police was launched.

Albanese, being held in the mental ward for observation, was due to be transferred to Valley Forge Hospital in Pennsylvania. The news of the transfer made Mrs. Albanese "overwrought," Lapham said.

## REDS SAVE FACE; RED CROSS TO TAKE PWS AWAY

BY GEORGE MCARTHUR  
PANMUNJOM (AP)—Twenty-one Americans, 1 Briton and 325 South Koreans leave the lonely, snow-swept Korean neutral zone today for their self-chosen Communist future.

Indian Lt. Gen. K. S. Thimayya has approved a face-saving Communist plan to let the Red Cross societies of North Korea and China take the men out of their compound to new homes in the North.

Meanwhile, the Indian custodian force moved swiftly to wind up its job here and return to India. The U.S. 8th Army said the 6,000 Indians would leave Inchon harbor near Seoul for India between Feb. 7 and 17.

The Americans told newsmen they wanted the Communist com-

## SENATE OKAYS DEFENSE PACT WITH S. KOREA

WASHINGTON (AP)—Sen. H. Alexander Smith (R-N.J.) said Wednesday the newly approved mutual defense pact with South Korea gives assurance to President Syngman Rhee he would not be abandoned if the United Nations Command there ends.

The Senate voted 81-6 to ratify the treaty Tuesday.

Smith, head of the Far Eastern subcommittee of the Foreign Relations Committee, said in an interview that the pact constitutes a different obligation than the one this country already has under the United Nations charter to resist aggression.

It was under this obligation that former President Truman rushed troops into Korea when the Communists launched their sudden attack in June 1950.

May Withdraw Troops  
Smith said that Rhee, the South Korean President, felt the time would come when United Nations troops would be pulled out of his country, leaving him open to another possible attack.

The mutual security treaty between his country and the United States gives Rhee assurance that "we do not intend to forget him," the senator explained.

The senate voted approval of language, along with the ratification, which makes clear that this country has no obligation to support any aggressive move by Rhee. The pact becomes operative only in event of an attack against either country.

Voting "no" on the treaty were Sens. Malone (R-Nev.), Edwin C. Johnson (D-Colo.), Olin Johnston (D-Me.), Smathers (D-Fla.), Long (D-La.) and Stennis (D-Miss).

## FRANKLIN CO. GIRL IS STATE APPLE QUEEN

YORK, Pa. (AP)—Annette Frecon, daughter of a Franklin County peach and apple grower who has worked in her father's packing houses many times, is Pennsylvania's 1954 Apple Queen.

She was crowned Tuesday night at a banquet during the three-day convention of the Pennsylvania Horticultural Assn.

A 17-year-old senior at Chambersburg High School, she is the daughter of Mr. and Mrs. Robert H. Frecon, of Chambersburg R. 1, near Scotland.

"I feel just wonderful about winning. It certainly is an honor," she said after receiving her crown from Miles Horst, state agriculture secretary. She succeeds Mary Jane Bridenbaugh of Martinsburg.

Joan Hartman, Biglerville R. 1, was the Adams County entrant.

## of the Winchester, Va., apple Blossom Festival later this year.

In a speech to about 400 association members Dr. Milton S. Eisenhower, president of the Pennsylvania State University, said he believes flexible farm price supports as suggested by the Federal Administration would "restore freedom to the American farmer" by diminishing governmental control.

Dr. Eisenhower did not directly tell the fruit growers to back the Administration's recommendations to take the place of the rigid support program, but indicated he favored the new plan.

He recommended that all farmers make their views known in the coming congressional battle over the change. Flexible supports, he argued, would return the market price as an influence on farmers' planting policies.

## BRICKER WON'T ACCEPT CHANGE IN HIS PROPOSAL

By JACK BELL

WASHINGTON (AP)—Senate Republican leaders leaned today toward an alternate proposal by Sen. George (D-Ga.) but Sen. Bricker (R-Ohio) pushed on with his own measure to limit constitutional treaty powers.

Without giving a final rejection, Bricker turned aside as unsatisfactory to him in its present form a measure offered by George yesterday.

George's suggested compromise would (A) nullify any future treaties and international agreements that conflict with the constitution and (B) provide that executive agreements other than treaties could become internal law only by act of Congress.

### Could Repudiate

This was offered as a substitute for Bricker's proposal which, in a clause opposed vigorously by President Eisenhower, says "a treaty shall become effective as internal law in the United States only through legislation which would be valid in the absence of treaty."

Eisenhower contends this would give the states power to repudiate some treaties. Bricker says that is not true. George said his proposal would eliminate the effect of the "which" clause.

George, who will be 76 years old tomorrow and who has rounded out more than 30 years of Senate service, appeared to have come up with a suggestion that Eisenhower's Senate lieutenants might clutch as the basis for further efforts to compromise a fight that has split Republicans.

### Galleries Packed

Senate debate on the Bricker proposal began yesterday before a packed gallery.

Sen. Knowland of California, the GOP floor leader, hurried a draft of the Georgian's proposal to the White House, State and Justice Departments, and was awaiting replies. George himself said he had discussed it with Eisenhower but gave no indication of the President's reaction.

Sen. Ferguson of Michigan, chairman of the GOP Policy Committee, indicated he believes some slight revisions might make it acceptable to Bricker. But he declined to forecast the administration's final attitude.

### Strictly Feminine Party

ADEN (AP)—Moslem women of Aden will entertain Queen Elizabeth when she visits this British colony, but the Duke of Edinburgh will not be invited to the party. Women of Aden still are secluded

strictly. The Aden government has explained that "present customs of the Aden Arabs do not permit women to be seen by men."

## WILL DRILL FOR URANIUM

PHILADELPHIA (AP)—Lehigh Coal and Navigation Co. will tap uranium deposits in northeastern Pennsylvania this spring.

Lehigh President Robert V. White announced yesterday that exploratory operations during the first month or two will indicate whether the valuable ore exists in large enough veins to make a large scale mining project profitable.

Test borings in Carbon County, near Mauch Chunk, definitely established last year that uranium existed in the area—some of it at road level. The field is astride the anthracite belt.

Lehigh already has negotiated with the Atomic Energy Commission to sell to it ore extracted during the exploratory phase. A uranium boom would be one solution to unemployment which has increased in the area along with a slump in sales of hard coal.

White said test borings on Pt. Pisgah established the presence of uranium ore there "just as good as the metal they mine out west."

"Our big problem," he said, "is how hard it's going to be to mine. There's an awful lot of hard rock there and it could be the uranium is stuck in between the hard rock."

## Will Investigate Price Of Coffee

WASHINGTON (AP)—This much was certain today about coffee prices—they are going to be investigated.

President Eisenhower's surprise announcement yesterday of a Federal Trade Commission probe stole some thunder from congressional plans along the same lines, as some of the lawmakers agreed.

But Sen. Beall (R-Md.), who has asked the Senate Banking Committee to look into the soaring prices, said today it "still might be wise" for the committee to do so. Chairman Capehart (R-Ind.) said the group, meeting today, might decide to push ahead.

Eisenhower said at his news conference the FTC started a preliminary investigation Jan. 13 "and they discovered enough that they thought a full-scale investigation was indicated."

### LUBRICANT ALSO CORROSIVE

INTERNATIONAL FALLS, Minn. (AP)—An anticorrosive lubricant put on locks of the city's 270 parking meters corroded every one of them, Lee Stone, the man in charge of the meters, reported.

The substance also damaged \$10 worth of tools that Stone carries. The City Council ordered Clerk Vernon L. Peterson to write a protest to the Ohio manufacturer of the "lubricant."

## Sportsmen Approve Eight Proposals On Issuance Of Antlerless Deer Permits

By DICK HOENIG  
HARRISBURG (AP)—Organized sportsmen of Pennsylvania are moving toward a solution to the complex problem of issuing antlerless deer permits which resulted in criticism from every part of the state last fall.

Regional divisions of the Pennsylvania Federation of Sportsmen's Clubs have approved eight proposals pertaining to the permits. All will be brought before the Federation's March convention here.

Major suggestions, which if passed by the convention would be pursued with the State Game Commission, call for:

1. An end to the \$1.15 extra fee for special antlerless (doe) hunting permits.
2. Issuance of such permits through a central state agency rather than through county treasurers.

**Many Without License**  
For the last two years, under a Pennsylvania game law, special permits allowing the buyer to kill an antlerless deer during open season in the county where purchased, have been issued only at the county level. Last Oct. 1, when the 103,000 permits authorized for 1953 legally went on sale thousands of sportsmen were not able to buy one.

Many complaints were made that they had been issued illegally, that they were given out in excess numbers to certain persons, etc. County treasurers' offices were swamped with applicants for the permits many hours before opening time. Many sold out within a few hours and in several counties none

were available for sale.

Various resolutions submitted for consideration were:

**Want Law Repealed**  
1. Urge abolishment of the doe season for 1954.

2. Press for repeal of the law providing for an extra license fee to shoot doe.

3. Open any future doe season to all holders of the regular hunting license.

4. Propose legislation to provide for the special permit to be issued by the State Department of Revenue from Harrisburg only.

5. Limit doe permits to not more than two to each applicant.

Under the Game Code the State Game Commission has the authority to issue doe permits for \$1.15 each . . . under such rules and regulations governing the issuance of such licenses and tags as it may deem necessary to limit the number of persons who may hunt such deer. . .

**Shortened Season**  
The Commission makes use of this power as a major support in its game management program to maintain the state's deer herd. Last year it cut the doe hunt from three days in 1952 to two days and allowed the sale of only 45 per cent of the number of permits issued the year before.

The Commission has made no indication of its 1954 plans for antlerless deer. A spokesman said most likely it will announce none until possibly July, when annual spring animal surveys are completed.

Proposals approved by the Federation convention usually receive serious consideration from the Game and Fish commissions. The Federation has almost 950 affiliated clubs with more than 187,000 members.

### Rent Boost Prompts Flood Of Complaints

NEW YORK (AP)—So many tenants have complained against landlords since the state allowed 15 per cent boost in rents last May 1 that this city had to buy four new automatic typewriters to answer them.

The department of housing and buildings reported it now receives 700 to 800 complaints daily, compared to an average of 550 a day last year.

## 47 CHIEFS SAY PIPE SMOKERS DON'T KICK DOGS

By HAL BOYLE  
NEW YORK (AP)—Never mind whether cigarettes give you a cough.

Science is already musing over such problems. Let's take up today another tempestuous issue in the world of tobacco, which is: If a man smokes a pipe is he less likely to rob a bank, strike his wife, or saw his mother-in-law in half?

The nation has an estimated 18 million regular or part-time pipe smokers. Are they a more law-abiding class than other type smokers?

To get the answer to this great social question Morris L. Levinson, president of the Kaywood Pipe Co., polled 200 police chiefs.

We have the results at hand. The statistics—like most statistics—seem to prove pretty much whatever you want to believe anyway.

**131 Ignore Query**  
To begin with, 131 police chiefs didn't reply at all. Of the 69 police chiefs who did respond to the poll, 22 ducked the issue by saying they had no figures on the smoking habits of their local criminals. Just why not, they didn't say.

The remaining 47 police chiefs more or less bore out Levinson's hopeful faith that pipe smokers make good family men, rarely cause the cops trouble, and seldom kick small dogs around.

A few comments:  
The prefect of police in Paris, France, regretted he had no statistical data but admitted he smoked a pipe himself.

"John McGraw of the New York Giants put thumbs down on ball-players that smoked a pipe because they were the 'peaceful' type," wrote Chief of Detectives George Lofquist of Sacramento, Calif. "McGraw claimed they lacked that fighting spirit and I believe he was right to a large extent."

**Less Nervous Tension**  
"Older men are pipe smokers, and crime reports reveal that the younger age groups predominate in crime," said Chief Roy D. Kerr of Tacoma, Wash.

"Pipe smokers seem to have less nervous tension," wrote Police Supt. Leo Kuddy of Scranton, Pa. Frankly, it seems to us this poll raises more questions than it answers.

What shape of pipe and what brand of tobacco will make pipe smokers even more lovable citizens?

Would pipe smoking by wives make them more peaceful in the home?

Does the country really need a good 5-cent cigar, or would it just create new worries for the police?

Who commits the most crimes—the regular cigarette smoker, the filtered cigarette smoker, or the guy who likes 'em king size? Will police chiefs appear on television saying, "Why don't you smoke my brand—you don't see me being arrested, do you?"

Yes, and how about snuff? A lot of people take snuff secretly, and who knows what else they may be up to?

### PEEVES ARE AIRED

EAST HARTFORD, Conn. (AP)—East Hartford had a "Pet Peeve Week" to give its citizens a chance to get their gripes off their chests. Public Works Director George J. Penney reports that chief complaints were: Loose manhole covers, low tree limbs, too much speeding on some streets, too much automobile horn tooting on others.

## Scribe Declares Bricker Plan Losing Senate Support

By JAMES MARLOW

WASHINGTON (AP)—This time a year ago Sen. Bricker could claim the support of 64 senators, including himself, for his proposed amendment to the Constitution to limit treaty-making. He can't claim that many now.

It's doubtful the Ohio Republican could muster enough Senate votes to get his proposal through, although only two thirds of those present at voting time are needed—not two thirds, or 64, of the total of 96 senators.

His support began to melt under the heat from the White House which had been there for a year but didn't burst into flames until this week.

### He Opposes Plan

Then President Eisenhower said he was dead set against Bricker's project. This was enough to make some of Bricker's forces start looking for an exit.

They can use a handy excuse if they're accused of running out: a year ago they were backing Bricker's amendment. The one before the Senate now is less than the American Bar Assn's.

Bricker first offered his idea in the Senate in 1951. In 1952 the BA's House of Delegates, but not by unanimous vote, approved one of its own. ABA's was tougher. Bricker backs it wholeheartedly.

The two proposals were the product of long-time criticism and of fears.

The criticism was aimed at the wartime agreements made by Presidents Roosevelt and Truman with Stalin. A president, under the constitutional authority of his office, can make agreements with other governments. Eisenhower has done so.

**Need Safeguard**  
Some day, perhaps, a president might deliberately use an agreement to avoid seeking the two-

thirds Senate support which the Constitution requires if a treaty is made.

Therefore, the Bricker group argued, the Constitution should have some safeguard written into it specifically giving Congress authority to regulate executive agreements. That's one thing the Bricker amendment proposes.

But in the end, Bricker's critics say, this might do more damage than the kind Bricker is intent on preventing.

What does "regulate" mean today it might seem to mean Congress could pass a law regulating an agreement. Tomorrow Congress might decide it had authority to make the President report on every step he took in foreign affairs.

### Control In Congress

In short, Bricker's critics protest, this kind of thing would give Congress full control of the conduct of foreign affairs, making the President a congressional messenger, thus destroying the separation of powers so carefully laid down by the Founding Fathers when they wrote the Constitution.

The Bricker group expressed alarm on another score: even though the Senate, whose members are elected from the states, does have control over treaties, some future Senate and president, unwarily or deliberately, might agree with some international organization on a treaty that would impair citizens' constitutional rights or the powers reserved to the states.

So the Bricker amendment would provide that a treaty could take effect as internal law only if Congress so provided—and it would limit Congress' action to those fields marked out for it in the Constitution.

Barley and oats will grow farther north than wheat.

# IKE SAYS U. S. IS "MARVELOUSLY PROSPEROUS" IN REPORT TODAY

By STERLING F. GREEN  
WASHINGTON (AP) — President Eisenhower today termed the nation's economic recovery this year from a "brief and self-correcting" business dip and pledged to use the government's vast powers to combat a depression if one should develop.

He proclaimed readiness—when necessary to avert a depression—to cut taxes, liberalize credit and launch large-scale public works even at the cost of new deficit financing.

And he gave forceful notice, in his economic report to Congress, that it should take "bold steps" requested in his 1954 legislative program to "protect and promote economic stability."

**No Request On Wages**  
The program, he said, includes the protection of millions more workers under unemployment and old-age insurance, and bigger benefit payments; federal aid for public works planning; stimulants to housing; tax revision; highway improvement; a new farm program; and a tariff program to encourage foreign trade.

All this is "immediately advisable action," Eisenhower said, adding that if he finds more power is needed, he will ask for it promptly.

Missing was an expected request for an increase in the 75-cent hourly minimum wage. Secretary of Labor Mitchell recently reported that the administration was exploring means to raise it to "a more realistic level." But Eisenhower told Congress the time is not ripe.

**Not An Emergency**  
Of his economic program, outlined in a 35,000-word message, Eisenhower said:

"It is not a legislative program of emergency measures, for the current situation clearly does not require one."

"Instead, it is a program for stimulating economic growth and minimizing any chance there may be of serious economic difficulty in the future."

He set this goal for the economy: "an increasing national income, shared equitably among those who contribute to its growth, and achieved in dollars of stable buying power."

After a year in office, he reported national production at a record 367 billion dollars. "Employment is high, prices are steady, and wages and profits are generally satisfactory," he said. But "there can be no certainty"

## Here And There News Collected At Random

(Continued from Page 1)  
a large part of the money it takes in from its customers should be interested in a report by the American Economic Foundation showing what happens to the dollars we spend at retail.

Suppose you go into a store and buy \$10 worth of goods. On the average, here's where the money goes:

Cost of the merchandise, with transportation, rent and other overhead expenses comes to \$8.02. Wages and salaries account for \$1.31. Taxes total 38 cents, and depreciation of physical equipment such as buildings and fixtures requires 7 cents. This leaves a mere 22 cents out of that \$10 of yours — and that is the storekeeper's profit. Not all of this remains in the pockets of the owners. In typical large stores, for example, in a recent period, only 14 cents of it was paid out in dividends, the remaining 8 cents being reinvested in the business, to enable it to meet the competition and keep up with the march of progress.

One sure deduction can be made from these figures. If store owners earned no profit at all, you, the consumer, would hardly notice the difference in the prices you pay for goods.

**The little wastes in government** add up to huge sums. The following from the Marcus Hook, Pennsylvania, Herald and Clipper, should make every taxpayer think twice: "The government Accounting Office recently reported that the purchase of two baffle plates for \$2.97 by the New York Post Office was listed

that the late-1953 dip in business activity will not become a broader and deeper movement than the "minor adjustment" thus far recorded, he cautioned.

**Cites A Danger**  
He described the contraction as mainly an inventory adjustment—a production slowdown intended to reduce the rate of accumulation of stocks, and continued:

"Our economy is basically strong, . . . the current economic readjustment seems likely to be brief and self-correcting, but . . . the situation must not be viewed with complacency."

"Unless the government is prepared and willing to use its vast powers to help maintain employment and purchasing power, even a minor readjustment may be converted into a spiraling contraction."

and documented by nine papers, bearing 24 signatures or initials, 20 datings, and that the documentation took four months to process."

and documented by nine papers, bearing 24 signatures or initials, 20 datings, and that the documentation took four months to process."

**Secretary of Agriculture Benson** recently said: "We must have the courage to stand against undue governmental paternalism and the cowardly cry that the world owes me a living. Nobody owes us anything for crops we do not grow, goods we do not produce, or work we do not do."

**Major Protestant and Eastern Orthodox churches** in America will be asked for more than \$8,000,000 in cash for 1954 programs of relief and reconstruction in overseas areas of need.

**Many Congressmen** are reported to favor raising the federal minimum wage, which applies to all interstate commerce. But we would be foolish indeed if we blindly refused to consider the dislocations and the problems a higher minimum inevitably creates.

For one thing, various businesses, retailing among them, have job opportunities, often on a part-time or seasonal basis, for workers without skills. The value of such workers is obviously limited. Should the wage become too high, fewer of them will be employed and businesses will get along as best they can with minimum payrolls.

Most important, when the bottom wage is raised, forces are put in motion which tend to boost wages all along the line, right up to the top. Higher-paid categories of workers naturally see no reason why their historical wage differentials should not be maintained. Then prices and costs soar again, and the consumer feels another bite in the pocketbook.

Good wages are certainly desirable — but they must be earned to be sound.

## There's Humor In The News

**MIASOTW, Poland (AP)**—Residents of this little village are proud of Mrs. Jozefa Stankiewicz, 134, whom they believe to be the oldest woman in Poland. Placed in a home for old people, she ran away after one day because she said she felt young and did not like to live with old people.

She says she has never been ill and has had three husbands. She would like to marry again, but says it would not be fitting to marry a man much younger than she. An uncle died at 150, she says.

**ALBUQUERQUE, N. M. (AP)**—The police blotter told the story this way:

"Subject walked into a tavern and explained loudly: 'I'm a Texan and I can whip any non-Texan in

the joint.' One man accepted the challenge. Subject Texan received cuts on the back of his head when his head hit the floor."

**CHARLOTTE, N. C. (AP)**—John Reid, 27, stepped on the gas and let 'er rip through Charlotte's business district.

People ran for their lives. Three cars, one pedestrian and a telephone pole didn't quite make it and were hit by the plunging automobile.

Finally captured, Reid said: "I don't know why I did it."

A judge gave him three years to figure it out.

**HANOVER, Mass. (AP)**—Bartender Harvey Hemmings asked the new customer the usual question, "What'll you have?"

The man gave the unusual reply of "Everything you got."

The "everything" was \$500 and the "chaser" was a squad of police cars.

**EAST HARTFORD, Conn. (AP)**—

High School Football Coach Henry Giardi showed up for an Exchange Club dinner with what looked like a bruise about the size of a silver dollar in the middle of his forehead.

Baby sitting with his 17-month-old daughter and watching a football game on TV at the same time was responsible, he said.

"My daughter has one of those suction-cup toys. She thinks it's fun when I press it against my forehead. Now the mark won't rub off or wash off."

**DUARTE, Calif. (AP)**—Mr. and Mrs. Donald Riggs are tired of seeing the same old birth announcements. When their new baby arrived, they sent out the following notices:

"Announcing the arrival of a new model."

"No change in body style this year. The wheelbase is 19 inches long. The weight is 6 pounds 13 ounces."

"We ordered the super deluxe model with the extra loud horn and the removable seat cover. Our

model came equipped with blue headlights and a blonde top.

"We tagged the new model, Stephanie Dale Riggs and registered it to Mr. and Mrs. Donald Riggs, Duarte."

## Any Port In A Storm Bartender Decides

**DALLAS, Tex. (AP)**—Phillip Hodges, 200-pound bartender in a downtown tavern, sprinted into the sheriff's office and collapsed into a chair to catch his breath.

As he panted and wheezed, a professional bondsman rushed up. "Tell me what you done before the city gets here, Phillip," he said. "I know you done something."

It took Hodges several minutes to explain that he was just getting out of the rain.

Since 1850, the western part of the United States has been growing faster than the East.

## Says Hospital 'Bartered For Money' In Baby Case

CHICAGO (AP)—Walter E. McCarron, Cook County coroner, has accused the Woodlawn Hospital of "too much bartering for money" in connection with the emergency treatment of a fatally scalded baby.

The baby, 5-month-old Laura Helen Lingo, died the day after admission and treatment at the Cook County Hospital.

McCarron Tuesday continued an inquest into the baby's death and ordered subpoenas for Dr. Frank Maple, president of the Woodlawn Hospital's executive board, and Dr. Perry Jenkins, its chief of staff.

"There was too much bartering for money of compensation for the hospital while an unfortunate child lay helplessly in need of treat-

ment," McCarron said. The baby's mother, Mrs. Irene Lingo, testified that Laura was scalded when she kicked over a vaporizer Jan. 17, spilling hot oil over her body.

Mrs. Lingo said she took the child to Woodlawn and pleaded with attendants to treat her, promising to pay the hospital fees in weekly or monthly installments. She said the attendants demanded a deposit of \$100.

Later vaseline and bandages were applied and Dr. Hans Jaeger, a resident intern, wrote an admission for the baby to Cook County Hospital, Mrs. Lingo testified. The child died the next day.

Dr. Herman Bundesen, president of the Chicago Board of Health, charged Woodlawn with laxity.

## BLAME DRIVER IN FATAL CRASH

HARRISBURG (AP)—A Philadelphia bus driver is accused of recklessness in the death of five women in a bus-truck crash on the Pennsylvania Turnpike near here last June 12.

The accusation was leveled at Francis J. Garoff, the bus driver, at his trial in Dauphin County Court on charges of involuntary manslaughter.

The charges were filed against Garoff when the Greyhound Bus he was operating struck the rear of a tractor-trailer parked off the superhighway, resulting in the deaths and injuries to a score of other passengers.

William H. Saye, assistant district attorney, told the jury of eight women and four men Tuesday afternoon in opening the trial that

the fatalities resulted from recklessness on Garoff's part.

Saye said in his opening statement that the truck, owned by a Chicago freight firm, was parked off the toll road and carried a light on the left fender plus a flashing arrow.

Lee G. Farling, of nearby Lingestown, testified he passed the area shortly before the accident. He said he saw the truck that was hit by the bus and another tractor-trailer parked off the highway with lights showing.

## SEEK CHANGE IN NEW YORK LAW

NEW YORK (AP)—A committee of the New York State Bar Assn. recommends the amending of the state civil rights law to make it unlawful in any criminal case for anyone officially connected with the case to make public certain information.

The ban would apply to defense and prosecution attorneys and others officially involved in the case.

Amending of the law was recommended Tuesday by the association's committee on civil rights. The group held that in some cases fair trial is jeopardized by the tremendous growth of mass media of communication.

In a report, the committee said there was a growing conflict between two constitutional rights—the guarantees of a fair trial and of freedom of the press.

A draft of the proposed amendment will be submitted at the state association's annual meeting, which is being held here today through Saturday.

## DEMS REJOIN SENATE GROUP

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) promised today a "no hard feelings" welcome-back to the Democrats who have agreed to return to his Senate investigations subcommittee after boycotting it for six months.

Sen. McClellan (D-Ark.), who led the Democratic walkout, Tuesday made public a letter to McCarthy formalizing the peace agreement under which the Democrats will receive some concessions from McCarthy.

"The proper Democratic processes respecting committee procedure having been restored," McClellan wrote, "the Democrats are now willing to serve as members of the subcommittee."

The Democratic members are now authorized to hire their own staff lawyer and have a clerk of their own. The agreement also assures access to all of the subcommittee's files and records.

BONNEAUVILLE — Robert F. Chrimer, son of Mrs. Thomas Gebhart and the late Albert E. Chrimer, is a member of the graduating class at Penn State University where he majored in forestry. Attending the graduation exercises which were held yesterday were Mrs. Thomas Gebhart, Mrs. Helen Sanders, Mrs. Cloyd Miller and son, Mark J. Miller.

## PENTAGON TRIAL GETS UNDERWAY

LEWISBURG, Pa. (AP)—The U. S. Middle District Court opened its postponed January session Wednesday with attention focused on a civil suit to require the U. S. government to pay a higher price for land it acquired for its "Underground Pentagon."

The claim was entered by Alfred

and Mrs. Frank Miller, recently spent several days at the Temple University Hospital, Philadelphia, under observation. Since last August he has been in a cast from his waist down to his feet with a heavy weight attached to each foot due to calcium in the bones.

O. C. Delroy Rinehart, who spent 18 days at the home of his parents, Mr. and Mrs. Dwight Rinehart, has reported to Ft. Belvoir, Va. His address now is: O. C. Delroy Rinehart, U. S. 52280623, Class 75A, Co. D, T.E. O.C.S., Ft. Belvoir, Va.

Relatives here have received word of the recent death of Mrs. Mary Mackley who died at her home in Rockford, Ill. She was the widow of John Mackley. The Mackleys formerly operated a store here. She is survived by two daughters and a son. Burial took place at Dixon, Ill.

Holt, Baltimore, who is protesting a government offer of \$23,000 for his 230-acre tract near Waynesboro.

Holt claims the land is worth more because of underground mineral deposits. A second claim to the mineral rights has been entered by N. H. Deshler of Belvidere, N.J.

The claim concerning the land in the Pennsylvania-Maryland border area actually is a long-standing one. Settlement of the case has been delayed for a variety of reasons.

Slated to come up at the November session of the court it was postponed at the request of Holt. In other months legal technicalities had to be removed before full consideration of the case.

MADRID, Spain (AP)—Spanish students police clashed here Wednesday for the third day in succession and again there were wounded on both sides.

At one time some of the students blockaded themselves in Madrid University when police officers tried to enter to talk things over. The police wanted to persuade the students to cease their demonstrations which began Monday with a manifestation for the return of Gibraltar to Spain.

## Plans Go Wrong And Holdup Man Flees

BALTIMORE (AP)—Harry Meyers told police a man walked into his store last night, tossed a dollar on the counter and asked for a bottle of beer.

When he turned to get the change, the storekeeper heard the bandit say: "Give me all your money."

Meyers ducked behind the counter when he saw a .32-caliber pistol. Confused by this move, the bandit ran from the store—without the beer or his dollar.

## SUGGEST BRETH ON DEM TICKET

CLEARFIELD, Pa. (P) — Rep. Harris G. Breth (D-Clearfield) was recommended today for a place on the statewide Democratic ticket in the 1954 election.

Kelly D. Bloom, Democratic county chairman and other county leaders, sent a telegram to state party leaders urging recognition for Breth in making up the party's ticket.

The telegram sent to Maurice Spain Jr., state chairman; Mayor David L. Lawrence, Pittsburgh, national committeeman, and other state leaders, said Breth was "fully qualified" for a place on the ticket "because he has had years of experience in public affairs," including four terms in the Legislature.

"He is a recognized conservation authority and an active, energetic leader in the field of fraternal organizations as well as an accomplished speaker in legislative halls and on public platforms," the telegram said.

Voters this year will elect a governor, lieutenant governor, and secretary of internal affairs on a

WASHINGTON (P) — House Speaker Joseph W. Martin Jr. (R-Mass.) announced he hopes Congress can act this year to cut all excise or sales taxes now above 10 per cent down to that level.

Congressional staff authorities have established such a move would reduce revenue about 942 million dollars a year.

It was announced that reports of the treasury of each Girl Scout Troop are to be prepared and will be sent to the Adams County Council office in Gettysburg. A nominating committee was appointed to prepare a slate of officers for the coming year and includes Mrs. Clinton O. Sentz, chairman, Mrs. George

W. Strevig and Mrs. Charles H. Rissel. It was also announced that Mrs. Carroll E. Arter will conduct workshop sessions each Thursday at 8 p.m. in the Girl Scout office, when craft weaving and favor making will be taught.
